

AW09

AGUSTA

AW09

Experience,
elevated.

On board an Agusta helicopter, you stand out from the crowd. Advanced technology, top-class performance, multiple interior solutions make every flight a pleasure. Elevate your desire for distinction into a vertical flight dimension. Move your world with the hallmark of excellence, every day.

Style meets functionality.

Imagine a moment dedicated to yourself. Experience excellence in our elegant and yet functional interiors, designed for every possibility. Get ready for the future: the AW09 sets a new benchmark in the single-engine helicopter market combining advanced technology, flexibility, comfort and excellent visibility from both the cabin and the cockpit, ensuring stunning views and abundant natural light.

Move your world.

We know time is precious. And your free time is always special. Agusta helps you to savour every moment safely, comfortably and in style. The AW09 gives you a unique flying experience, where comfort and peacefulness are the basis of every moment on board.

Advanced capabilities.

The AW09 features a state-of-the-art glass cockpit with Garmin G3000H integrated flight deck for enhanced situational awareness and with built-in connected features. It provides all main systems redundancy and complies with the latest and most demanding safety standards, including a unique bird-strike resistance. The five-blade full composite rotor system brings superior maneuverability and a smooth flight, while the shrouded tail rotor ensures low-level noise.

Exceptional cabin versatility.

The AW09 offers the largest cabin volume in its class with its floor flexibility allowing quick reconfiguration between multiple seat layouts for up to 8 passengers. Its architecture allows for unobstructed side entry and exclusive rear access. Generous windows on the cockpit and cabin doors offer stunning views and plenty of natural light. Imagine yourself soaring through the air, surrounded by a feeling of freedom and endless possibility.

Inspired by natural environment.

Our designers crafted different themes with inspiration from the natural environment, capturing the essence of nature in a contemporary interior material design. The selection includes: Ocean Twilight, Cedar Woods and Dark Cosmos theme. Each theme has been meticulously curated to provide high-quality solutions reflecting the perfection and harmony found in nature. Whether you are traveling for business or leisure, you can rely on a selection of the finest details and finishing designed to customary Agusta standards.

Outstanding details features.

Elegance and functionality are harmoniously blended in the AW09. The leather, meticulously stitched for both durability and refinement, along with the carefully selected liners, creates an exceptional flight environment. Ambient lighting crafts a unique atmosphere within the cabin, while dedicated reading lights and personal air gaspers provide each passenger with tailored comfort for a delightful journey.

Always ready to fly.

Our Customer Support, Services & Training team is always by your side. An extensive network of service centres offers support anytime and anywhere: at every stage of your customer journey with us. From maintenance and delivery of spares to integrated training services delivered at our Academies or virtually. The AWO9 operators can benefit of a unique and powerful simulation capability: the VxR (Virtual Extended Reality) simulator, which leverages flight test data with state of the art Virtual Reality environment making your flight planning activities easier. We are constantly innovating to offer you cutting-edge solutions: flexible and tailored to meet exact needs.
